HBA St. Louis

Emotional Intelligence (EQ)

Emotional Intelligence is the ability to be aware of and to manage emotions and relationships. It's a pivotal factor in professional and personal success.

IQ will get you in the door, but it's your EQ, your ability to connect with others and manage the emotions of yourself and others that will determine how successful you are in life.

We've all worked with and listened to brilliant people. Some were great and...well, some not so great. When we look at the truly extraordinary people who inspire and make a difference you'll see they connect with people at a personal and emotional level. What differentiated them was not their IQ, but their EQ – their emotional intelligence.

This enrichment program will help you better understand yourself and effectively develop your emotional intelligence to enhance success.

Date & time
Wednesday, May 23, 2018
